

## REMARKS

Claims 1 through 71 continue to be in the case.

The Office Action of September 13, 2005 states that a clean copy of the specification is required since many amendments have been made and the Examiner cannot determine what is disclosed and what is not. A submission of the clean copy of the specification must be accompanied by the statement that "the specification contains no new matter".

Applicant complies herewith with the above-stated requirements and encloses the clean copy, as well as the marked-up copy of the specification. Applicant respectfully declares that the submitted specification contains no new matter.

Reconsideration of all outstanding rejections is respectfully requested. All claims as presently submitted are deemed to be in form for allowance and on early notice of allowance is earnestly solicited.

Respectfully submitted,  
Michael Gauselmann
